Stanhope Public Library Opens

The ninth branch of the Haliburton County Public Library was opened at Stanhope on Saturday July 11th 1970.

Mr. Sinclair G. Nesbitt, Reeve of Stanhope and Warden of the County welcomed the guests and turned the meeting over to Mrs. Mary Packard, County Librarian, who introduced the County Library personnel present.

Miss Isobel Gibbs, Stanhope Librarian, welcomed the residents and visitors to come and use the new library.

Mrs. Evelyn Gibson, member of the Haliburton County Library and Regional Boards introduced the Regional representatives: Mrs. Catherine

Dingham, Field Consultant from Peterborough and Mr. Barrie Robinson, Director of the Lake Ontario Regional Library System from Kingston who was instrumental in bringing the Mobile Unit Library and books to Stanhope.

The Chairman of the Haliburton County Public Library Board, Mrs. Irene Moore thanked Mr. Robinson.

Mr. William Scott, MP and Mr. Glen Hodgson MPP both spoke briefly.

The cutting of the ribbon was performed by Mr. Thomas Welch who has served Stanhope Township for over forty years.

Thanks is due to the local committee: Mr. J. Harrison,

Mrs. N. Brown, Miss A. Gibbs, Mrs. R. Welch, Mr. N. Wallace for having the library ready in the very short time available and also serving refreshments afterwards.

Guests attending included: Mrs. Jan Nowakowski, Victoria County Public Library, Mr. Noel McNeill, former County Librarian, Miss Catharine Sisson, County Office, Mrs. Jean Sears, Minden Public Library, Mrs. Hazel Welsh and Miss Lily Male, Cardiff Public Library, Mr. Harold Cummings, Dysart Public Library and Mr. and Mrs. Dallyn Pickens, Gooderham.

TENDER CALL

R. Glen Hodgson, M.P.P. for Victoria-Haliburton, said today that the Hon. J. R. Simonett, Minister of Public Works, had informed him that enquires are being invited from owners or authorized agents to build and lease space for the accommodation of the Ontario Provincial Police detachment at Minden.

Mr. Hodgson said the proposed building would contain a total floor space of 2,700 square feet comprising 2,100 square ft. for office space and an additional 600 square feet for garage and storage.

The O.P.P. detachment is presently accommodated in the County Building and patrols all of Haliburton County with the exception of Cardiff. The staff comprises a sergeant, three corporals, 16 constables, two stenographers and a caretaker.

YOUTH HIT ON MOTORCYCLE HERE

A Haliburton youth, Carman Smith, 17, received a broken ankle and leg cuts when his motorcycle he was driving was in a collision with a car driven by Mrs. Mary Cowan of Minden. The accident happened last Thursday night at 10:30 p.m., just over the bridge on main street. Paul Warberton of RR 1 Minden was a passenger on the motorcycle he received bruises.

Carman Smith was taken to Ross Memorial Hospital for treatment.

Damage totalled \$110. OPP Constable Ron Buchanan of the Detachment here investigated the accident.

CAMP GAY VENTURE TO AID HOSPITAL FUND HERE IN MINDEN

Camp Gay Venture of Haliburton is sponsoring a theatre arts production in the Haliburton Highlands Secondary School auditorium on July 17 to attempt to raise funds for the new Haliburton hospital.

The program will involve campers of all ages and the popular musical 'Oliver' will head the program, followed by a creative drama revue. The revue consists of ideas and talent in the form of music, poetry, dance and mime based on a theme selected by the campers. The audience will be introduced to two or three theatre arts exercises which are instrumental in developing a revue of this sort.

A group of senior campers will produce an Elizabethan scenario in mime, accompanied by camper musicians. The scenario will be based on "comedia de arte techniques", an Italian genre of the 15th century.

A camper-directed one-act play, "The Punctuation Proclamation", will involve the youngest campers and a guitar and sing-song session will also be provided by campers and staff.

The Camp Gay Venture campers and staff hope to produce an informal and informative evening of interest to all age groups.

NEW EXECUTIVE TAKES OFFICE

The Minden Rotary Club installed their new executive at their meeting last week. Paul Muller took over the Presidents Chair. Ray Hyde took on two offices, Vice-President and Secretary. Percy Brintnell will act once again as Treasurer. Directors are Percy Brintnell, Howard Best, Don Hall and Larry McKenzie. Vinton Loucks is Past President.

The Rotary Club was established in 1947 with Ken Currie the first President.

REGATTA AT DORSET

Regattas return to Dorset, Lake of Bays, Wednesday July 22nd at 2:00 p.m., in the inner Trading Bay off the Highway Park. This is regarded by many as the best water for canoeing in the whole Lake of Bays district.

Eighteen events (four swimming) of regular and novelty races cater to all ages and talents.

Pictured above on the left is the Hon. Leslie M. Frost signing his autograph to the first book "His Faults Lie Gently", about the incredible Sam Hughes. Alan R. Capon, a well known newsman in this district, who is the author of this book looks on. For review of this book see editorial, page 4.

CANNING LAKE

2 bedroom cottage plus living room, kitchen and small porch, sauna bath at lakeshore. Lot 100' x 200'. Price \$8,500.00

HALL'S LAKE

Located on a large lot 150' x 500' which runs back from the lake to Highway 35, is this 2 bedroom cottage freshly lined and tiled, kitchen, bathroom, living room with fireplace and veranda. Boathouse and outbuilding. Price \$16,500.

FREE BROCHURE ON REQUEST

HERE AND THERE

with Fenwick Finch

Many thanks to Earl Monahan of Rochester for pinch-hitting for me last week — he sure does a professional job, Earl's back home and I'm eating almost normally again.

As I told you a couple of weeks ago I wasn't too acquainted with Swords — Wilkinson or otherwise. Actually I never really liked swords, to me they were brutal things. I can remember when I was going to Art School in Toronto we used to go to the Royal Ontario Museum once or twice a week. One sword always fascinated me, it was the world's longest rapier, the blade was somewhere in the neighborhood of five or six feet long, some neighborhood. It almost made me ill to look at it and imagine the owner being able to spear five or six people on it. In spite of my feelings, everytime I went to the Museum I was drawn to it.

There is an old saying, "Beauty is in the eye of the beholder." When Ron and Betty Parrott, showed me their presentation swords, I lost all my feelings against them and I could well see why they are considered beautiful works of art.

The Parrotts of Deer Lodge have the franchise for the Wilkinson Sword, which is a distinct honour for Haliburton County, for, up to now if you wanted a sword, of any kind, you had to do business with Birks - Ellis of Toronto.

There is so much to these swords that I can only suggest you visit Ron and Betty and see for yourself.

Oh yes, the supper we had there was out of this world.

* * *

Before we leave Deer Lodge there was a young chap there that impressed me. David Cowan, former Toronto Policeman and now the social director at the Lodge. Policework came naturally to Dave as his father is a Det. Inspector on the Toronto Force. Being a karate expert and the number of muscles he has should make for no arguments if the guests want to get tough — when Dave gets back to Toronto he is going into law.

* * *

There is nothing new under the sun — C. M. Irwin found a copy of a letter he wrote his mother in August of 1918 when he was in the navy at Halifax. Apparently he'd just received his mother's letter written some time in July and he blamed the hold up on the "Mail Strike" they were having.

* * *

Robert Kriik is a gentleman who takes a great deal of interest in the Historical buildings etc. around the community since he moved into Minden. He has spent quite a bit of time getting and keeping the 'Bethel Church' in good repair. He just informed me that vandals have been at work and the windows were broken, the history that was on the wall has been torn up and the purple velvet cloth has been removed from the pulpit.

It doesn't say much for those who would desecrate such a place. But then, it takes all kinds of people.

* * *

Glad to see letters in from my side kick Mrs. Matalis and Mrs. Wesson — I'm out of space so I'll have to comment on them next week.

* * *

Got a note in the mail for those who are interested in new rock groups, this quartete they tell me are playing in Peterborough and carry the unusual name of "The Four Skins."

* * *

Drive carefully, your life and patronage is needed up here.

HALIBURTON

ROTARY CARNIVAL TO FEATURE BEAUTY CONTEST

August 5 is the big day of the Haliburton Rotary Carnival and an interesting attraction this year will be the 'Miss Rotary Carnival Contest'. Judging will take place at 9:00 p.m. on Carnival Night on the stage in the arena and the lucky young lady will be crowned by Miss Norma Hickie, who is the current Miss Dominion of Canada. All young ladies between the ages of 17 and 24 are invited to participate and may apply by writing to Box 457, Haliburton. Lodges and camps in the area are requested to sponsor one of their staff or guests in the contest. The winners will receive prizes to a total of \$50.00. The contest will feature a bathing suit presentation which should prove to be very easy on the eye.

PROVINCIAL PARKS WELL USED

During 1969 there were over 795,000 visitors to Provincial Parks in the Lindsay District. This was the fourth highest number of visitors for all 21 districts in the Province. It was surpassed only by Lake Erie with 2,517,000, Lake Simcoe with 2,113,000 and Parry Sound with 813,000.

Total attendance at all parks in Ontario was 10,549,900 an increase of One Million from 1968.

DIVIDENDS

by B.G. Cross, Forester

Many people with life insurance policies periodically receive statements regarding the amount of dividends accumulated. The word 'dividends' suggests the idea of earnings or profits to the average person but this is not really a valid assumption in this instance. Actuaries deal with great quantities of statistical data to determine the cost of insurance for any given policy. The policy normally represents a long term agreement between the company and the insured person; because it does involve a rather lengthy time span, the company is relying heavily upon the statistics of past experience to apply in the future. They, quite understandably, want to be reasonably certain that the premium rates quoted will be adequate to cover the actual cost of insurance, an item which could increase over the effective duration of the policy.

The estimated premium rate includes an allowance, therefore, to compensate for the possibility of such unforeseen increases.

When the insurance has been 'in force' for some time, the actual cost to the company is determined periodically; almost without exception the premiums collected are greater than the cost of insurance. The excess, or unused premium is returned to the policy holder, or held as accumulated dividends, or extended insurance benefits. Although this is referred to as a dividend it could be considered more reasonably as a portion of the premium that was not required to cover the actual cost of insurance.

A much different type of dividend is the kind we receive as a benefit of investment in our forest resources. In the early history of forest utilization in Canada, a great many 'dividends' were collected with little or no investment or 'premium' charge. Our present high standard of living is largely due to the uses that have been made of this forest resource. Benefits have been derived through exports, wages, capital investments, secondary industries, stimulation of electric energy production and transportation systems, such as railroads, shipping, and road networks.

The forests were originally our inheritance; but sound forest management practices are necessary to assure that they will be maintained, and that we will continue to enjoy the many benefits. The cost of management is the premium that must be paid; however, the dividends obtained have little in common with 'unused premium'.

LETTER TO THE EDITOR

The following is a letter sent to various camps in the district by Dr. David A. Stinson, concerning his annual canoe race in the Minden Rotary Carnival. This race is open to anyone wishing to enter.

July 8, 1970

Dear Sir:

At the time of the Minden Centenary they inaugurated an annual canoe race down the Gull River — to commemorate the race that was held each year just before the turn of the century. My grandfather, S. F. Stinson, and his bowman Jim Fairfield won this race consistently in my grandfather's canoe "Ben Hur" which he often used to inspect the timberlands in the Haliburton Highlands.

To perpetuate the memory of my grandfather and his interest in water sports, I donate a trophy called the S. F. Stinson Memorial Canoe Trophy for men's double canoe, to be competed for annually at Minden. The race is about a mile long downstream and finishes at the bridge in Minden. So far we have had keen competition and have had between six and ten canoes in the race. Previously the race was held on the first of July weekend. I felt that it would be great sport for some of the surrounding camps to send an entry and have arranged to switch the date to Wednesday, July 29th, at 6:30 p.m. This is on the first night of the Minden Rotary Carnival.

I have canoe-tripped in Haliburton and the Park of 28 years and take an active interest in canoeing. I sincerely hope that you may be able to help me out and also help the sport of canoeing by sending down an entry for the race. The canoes must be either canvas covered or fibre glass, not longer than 16 feet, and there are not more than 2 entries allowed from each camp.

Sincerely yours,

David A. Stinson, M.D.

GOOD BOOK

I finally got around to reading "His Faults Lie Gently", a book written by Alan R. Capon, about the incredible Sam Hughes.

First of all a little bit of information about the author. Alan

was born in Ipswich, Suffolk, England and came to Canada in 1957. He is a staff reporter-photographer with the Peterborough Examiner, and for five years the editor of the Lindsay Daily Post.

He has had a varied career; having worked for CKLY Radio, Lindsay, was the founder and publisher of this paper and worked in the advertising department of The Robert Simpson Company, Toronto.

In England he worked for The East Anglian Daily Times and the Advertising Department of the Ipswich Co-operative Society and also served three years with the Royal Air Force. He presently lives in Lindsay.

Alan teamed up with Floyd W. Hall, of Lindsay, who published the book in 1969.

Mr. Capon writes in his introduction that Sir Sam Hughes is a Canadian who deserves to be better known. He has been treated unfairly by historians. It is well over 50 years since his great accomplishments and approaching 50 years since his death.

Hughes' actions in the years leading up to the first World War, and at the start of the War must be considered in the light of the atmosphere in which they were made. Actions are not taken in a passionless world as reasonable through the filter of time.

Whatever his failings Sir Sam Hughes was an energetic administrator who got things done, at a time when action counted. He was one of the most uninhibited individualists Canada has produced.

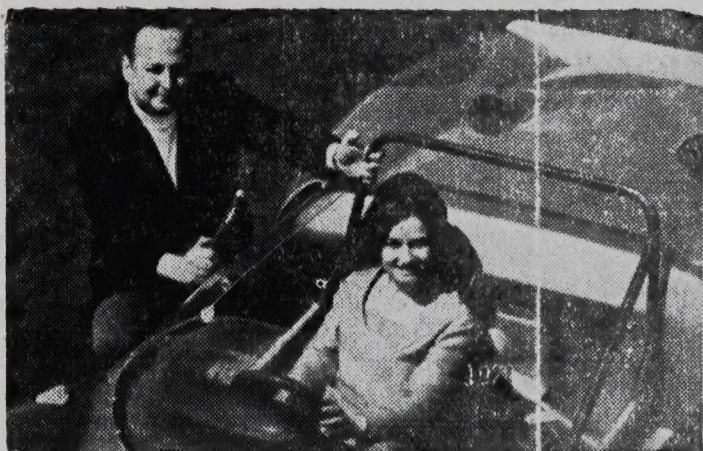

Sir Sam Hughes died in August 1921. and some Twenty thousand people came into Lindsay for the funeral. Bugler Arthur Rhodes of Lindsay, winner of the Military Medal, sounded the Last Post. One of Canada's great Canadians, was dead.

Sam Hughes was the unsuccessful candidate for North Victoria in 1891, Sir John A. Macdonald's last election. but in 1892 he was successful in unseating his opponent, John A. Barron, in a by-election, and he remained as the Member for Victoria and later Haliburton until his death.

Sir Sam Hughes's name rings another bell here in the Highlands of Haliburton, for it was here he spent his leisure hours at his summer home, which is now called "Sir Sam's Inn" — owned and operated by the Bishop family at Eagle Lake. This very historic land mark is now a fine Inn and resort centre in summer, with skiing in the winter.

The Hon. Leslie M. Frost, endorsed this book, stating that the author has spent a very great deal of time in researching the story of Sam Hughes. He felt that the book fairly portrays his character, his weaknesses, his strengths and his mighty achievements, which are a proud story in Canadian history.

Pick up your copy of the incredible Sam Hughes, one of the most forceful and dramatic men to stride across the stage of Canadian History. I recommend this book highly, it can be purchased at the Minden Drug Store or Floyd Hall's Insurance and Real Estate office.

BOB MELM — PENLENS AWARD WINNER

CBC radio sports producer Bob Helm has won the Penlens Award for motor sports coverage for the fifth year. He's being a bit nostalgic: this car is a Lotus built in 1956, number six of the series. Dennis Code and Francis Bradley both won Canadian Driver's Championships in this car. The make-believe driver is Marie Howes. The Penlens awards have been given annually since 1964 for outstanding coverage of motor racing in general. The coverage must have been done by a Canadian and presented in Canadian media.

Announcement

Minto Marine Limited, owned and operated by Bob and Jean Minto of Minden, since commencement in the year 1954 have recently sold their business to Mr. Douglas H. Ptolemy of Milton, Ontario.

Mr. Ptolemy has been a summer resident of the Haliburton area for the past 30 years located near the Golf Course on Lake Kashagawamog.

Bob and Jean Minto are most sincerely appreciative of the courtesy and patronage that so many kind friends and customers have honoured us with over the years.

The new owner, Mr. Douglas Ptolemy, will be carrying on the business under the name of Minto Marine.

Bob and Jean Minto are remaining on with present staff at Minto Marine. It is our sincere desire to carry on as we have and extend better service than we have in the past to our most appreciated customers.

Bob and Jean Minto

MINOR BALL RESULTS

Due to the weather conditions last Saturday there were no minor softball league games.

This week and next there will be two games played; one starting at 8:30 am and the other approximately 10:30 am.

We are extending our welcome again to any of our summer visitors to have their children participate in minor softball. The age groups again are Novice 6,7,8,9, PeeWee 10,11,12 and Bantam 13,14,15. All you have to do to register is to contact one of the coaches at the ball diamond when the games are scheduled.

We would like to thank all the people who supported our Tag Day. Minor Ball needs support and we are happy to see the people and visitors of Minden behind us.

AROUND THE BASES

with the "BEAGLE"

Minden played three games, winning two and losing one over the last week.

Minden 4 Irondale 3

While Irondale has had little success this year at winning games, they are still able to put up stiff competition. This was the case Wednesday night. The final outcome of the game was not decided until the top of the last inning. For Minden Gene Newell was once again the big gun getting his first homer of the year. Fine defensive work by Dave Dollo and Morrison and steady pitching by Snell enabled the local team to get its sixth win against four losses for the season.

Minden 7 Haliburton 6

With the League standings in the first three places still undecided, Minden faced the hot Haliburton team which had lost only two games thus far in the schedule. A three run first inning for Minden highlighted by Morrison's first home run of the year started Minden on the way to a seemingly easy victory. Haliburton closed the gap to 3 - 2 only to have Minden surge ahead 6 - 2 on Haliburton errors. Haliburton however rolled in the last inning to tie the score 6 - 6. With two out in the top of the seventh and Haliburton rolling, McMullen and Morrison combined for the third out when they picked Rosenberg off at third base.

Bob Austin got on base on an error, advanced to third on a fielders choice and scored on McMullens sacrifice fly to give Minden the victory. Fine umpiring by Craig Stamp and Bernard Bain kept the game in hand. Gene Newell started for Minden but was lifted in the late innings. Jack Snell did a fine job in relief. Haven Cook homered for Haliburton.

West Guilford 2 Minden 1

On a hot Sunday afternoon Minden travelled to Guilford. The game was a true pitchers duel. For Minden Newell went the distance and for Guilford it was Craig Stamp. Both pitchers displayed good control, good stuff and excellent pressure pitching. Cliff Burk scored for Minden on Neil Burke's sharp single. For Guilford Craig Stamp homered in the fifth and Paul Sisson in the bottom of the ninth to give the Redmen their victory. Minden's record is now seven and five.

Next week league standings and Minden batting coverage will be reported. The players are greatly encouraged by the fine turnout of fans for all home games. Next game is Wednesday, July 15th at the Fair grounds.

Don't forget to support the 'Draw'. All proceeds go to the Minden Mens Ball Club. This is the first of two draws to be held. The prize is 132 ounces of fire water. Tickets are 50c each.

A DOUBLE HANDICAPPED HALIBURTON MAN HAS BIG JOB TO DO

Grant Brooks, blind and handicapped by a childhood disease, is known as a walking encyclopedia around George Brown College.

Mr. Brooks' job in the school's information centre requires that he be able to answer any question about the college which offers 150 day courses and 350 night courses at its six campuses.

To do this, he has had to commit the complete syllabus to memory.

"It's an interesting job, but I've still got a lot to learn," Mr. Brooks, 39, said in an interview Thursday.

He is used to doing things the difficult way. He obtained his bachelor of arts degree last November although he was unable to read a book or take notes during lectures.

A rare neurological illness — Devic's disease — at the age of 13 led to his total blindness and also caused impaired coordination, lack of hypersensitivity in his hands and paralysis from the waist down.

Doctors said he would never walk again, but a neighbor believed that if the muscles in his feet and legs could be strengthened, he could.

She sat by his chair, moving his feet in time to music. Her

many months of efforts paid off and Mr. Brooks was able to move his feet himself. Now he can walk for miles with his white cane to guide him.

Between 1947 and 1956, Mr. Brooks attended the Ontario School for the Blind and high school in Haliburton. Because he lacked sensitivity in his fingers he was unable to learn to read Braille or typing.

The most sensitive part of his body is his tongue, and with it he is able to tell time on his Braille watch. Now that the electric typewriter is on the market, he can also type slowly with his tongue.

With so many handicaps, Mr. Brooks was unable to find a job.

For 10 years he did small jobs around his parents' hotel in Haliburton.

In 1965, Mr. Brooks was accepted as a mature student at University College, University of Toronto.

He attended lectures and his well-trained mind analysed and stored information. At night other students read to him anthropology, Psychology and philosophy.

Examinations always posed a difficult problem. At first a stenographer was assigned to read him questions and take

down his answers, but during his last years at university Mr. Brooks took all his exams orally.

In May his determination paid off and he obtained work at George Brown College.

In looking toward the future, Mr. Brooks said he has no special plans.

"I believe in enjoying every minute you have in each day of your life to the fullest."

"One of the beauties of life is the way we can cultivate the mind to forget some of the unpleasant things in life and remember the happy ones."

TENDER

FOR 5 TON TRUCK

Sealed tenders, plainly marked as to contents, will be received by the undersigned until 6:00 p.m., August 4, 1970, for the supply of one 1970, 29,000 lb. G.V.W. truck, suitable for snow plowing.

One 1965, 5 ton, G.M.C. model VH 5005 to be taken in trade.

Specifications and tender forms may be received from the undersigned.

Lowest or any tender not necessarily accepted.

F. V. Le Craw, Clerk,
Norland, Ontario.

by Lorna Rogers

It may sound incredible but yes, the great French mime, Marcel Marceau, has been on radio. As a gesture of appreciation for his contribution to the CBC radio Ideas series on The Mask last spring, a hand-crafted chess set was recently presented to Marceau by CBC Vice-President and General Manager, Eugene Hallman. The chess set, along with a poem by Ideas producer Robert Zend in which the game of chess is likened to the world of pantomime, will be on display at the Stratford Festival theatre for the remainder of the season. The presentation was made during Marceau's week of performances at the Festival.

Two stage plays by the Algerian-born writer-philosopher Albert Camus have been adapted for radio by Len Peterson, himself a playwright. Though Camus was killed in a car crash ten years ago, his writings still have a strong contemporary feeling. The plays, *The Misunderstanding* and *Caligula*, will be heard on CBC Stage July 18 and 25 respectively. The first is set in contemporary France, in a remote country district; the other in ancient Rome, at the time of one of its most tyrannical emperors.

From July 16 to 25, the ninth British Commonwealth Games in Edinburgh will have daily radio coverage. About 1800 athletes from 40 Commonwealth countries are competing; 200 of them make up the largest team Canada has ever sent to an international sports event.

Country Holiday is back for its seventh of C and W music. Seven shows of the series star Tommy Hunter, The Rhythm Pals, the Jim Pirie Band and emcee 'Cousin Bill' Bessey. They've moved from Lindsay's Academy Theatre to the Belleville High School auditorium (the shows are taped before an audience nine days before the Sunday broadcast). On July 19, that old favorite 'Cousin Clem' will be on the show, along with Hank Snow, a Maritimer who's long been a part of the Nashville scene.

Also on July 19, a sort of requiem for rock music which appears to be changing its course, Canadian-born lyricist and music critic Gene Lees is interviewed and there'll be readings from the Encyclopedia Rock.

MINDEN FAIR

AUGUST 28 - 29

The Minden Agricultural Society have been busy planning their Fair which will be held on August 28 and 29.

This is the 106th annual Fall Fair held here in Minden.

The Agricultural Society have their prize list book out, and it is full of hundreds of events for exhibitors. Along with the exhibits, there is something at the Fair for everyone, games, rides, contests, stage show, parade. Mark your calendar now, and make it a date to be at the Minden Fair.

SMOKING AND LIGHTNING CAUSE MOST BUSH FIRES

From April 1 to June 30 this year, 18 fires burnt 13.8 acres in this district. Of these fires 13 were as a result of human carelessness while 5 were due to natural causes such as lightning.

This is an increase over the same period in 1969 when 14 fires burnt 8.2 acres. Department firefighters are not aiming for a record number of fires this year, notes the Lands and Forests Department, and urge the public to be careful with fire in forest areas.

The department has released figures showing the breakdown of 901 fires in Ontario forests in 1969.

Lightning caused 202 fires, just behind smoking material as a cause of 212 fires. Camp fires were the origin of 139 fires and grass burns and rubbish burns causes 32 and 31 fires respectively.

Matches were the cause of 65 fires, brush burning of 23 and garbage dump burning of 24. Brake shoes were listed as the cause of 34 fires and diesel locomotives for 21 fires. Short circuits in power lines caused 13 fires and fireworks 18 fires.

Other fires were caused by explosives, fuses, sparks from chimneys and live coals being dumped.

In the breakdown of "responsible group" for fires, lightning heads the list with 202 followed by fishermen with 118 fires. Children were considered responsible for 85 fires, car passengers for 79, berry pickers for 23, campers for 30 and rural residents for 53 fires.

Farmers were considered responsible for 14 of the 901 fires in the province, private cottagers for 33 and hikers for 27. Railroad train crews were held responsible for 63 fires and work crews for five. Canoeists and picnickers were each marked down for 10.

Lowest figures for groups responsible were the military with one fire, trappers with four, prospectors with one, mining employees with five, Indians on reserves were responsible for seven fires.

ABOUT THE TOWN

With Jeanne Sears

There will be Canada Day at Osaka Japan, July 16th at which the Hon. John Roberts and Torai Haguiwara will extend greetings. A "Ball of Friendship" containing messages for Japanese children will be opened and these are sent from Dundas and Lindsay Ontario. There will be many special festivities with one being a concert by The Lighthouse group. There swinging theme is Give Peace a Chance and this will encourage the enthusiasm of the Japanese. Sounds like we are really being represented at Expo '70.

* * * *

On their third visit to Ontario are Mr. and Mrs. P. Parker of England. They plan to retire here and are staying with Mrs. Florence Webber and Mr. and Mrs. Tony Webber, Andy and Robert on Gull River, Irene Webber being their daughter.

* * * *

We noted on T.V. the discussion on the Vapona No-Pest Strip, so many of us have found so useful in our homes. The tests will not be completed on these until December. We wonder should we be using these or not; we were sure left up in the air about it.

* * * *

The Rev. Howard Best and family of St. Paul's Anglican Parish are away this month on holidays and Lloyd Johnston, lay-reader, is conducting services in their absence.

* * * *

Patients at the local hospital on Monday included Mrs. Gladys Thorne, Mr. Marvin Silver, Mrs. Bessie Dummett, Mr. Earl Johnston, Mr. Michael Stevens and Mrs. Helen Kellett.

* * * *

In other hospitals are Toronto Wellsley, Mrs. Clare Hobden, Ross Memorial Mrs. Bruce Mason and Peterborough Civic, Carrie Jones, Ed Wright, Gerald Finlay and Mrs. Holly Stevens.

* * * *

Now if your appliances do not match or blend with their surroundings you may use Cilux aerosol sprays in colours, mandarine, avocado, antique, gold, spanish blue, turquoise, melon and prairie gold. It dries in 25 minutes and the label gives many suggestions for its uses.

* * * *

Live theatre at the High School next Monday evening features "The Cat and the Canary", a change from television, and movies.

* * * *

Hint of the week — When you make one of those pies that seem to run out, cut a piece of aluminum foil larger than the pie and set the pie in it, roll up the edges and this will catch all the drip. Also if, let cool, it can be used several times.

* * * *

Several deaths last week with sympathy going to the family and friends of the late Everett Stamp and to Maurice Baker and family on the death of his father.

* * * *

Celebrating birthdays at the Hyland Crest this month are Linda Williams 81, Victor Thorne 83, Edith Miller 85, George Anderson 84, Gladys Thorne 80 and James Arbuckle 87. The auxiliary entertain the residents at a tea the last Thursday of each month and remembrances are given to all those having birthdays that month.

* * * *

We couldn't complain about the weather last week as it was surely hot and humid. Lots of people around, drive carefully. Cheerio until next week.

NOTICE

TOWNSHIP OF ANSON, HINDON AND MINDEN

At the request of the Council of the Township of Anson, Hindon and Minden, the Ontario Water Resources Commission has investigated the possibility of installing within the said Township a water works project to serve the community of Minden and now proposes to construct such work at an estimated cost of \$75,375 and to make application to the Ontario Municipal Board for approval of the undertaking and the imposing of a special water works rate. It is proposed to borrow the cost from the Ontario Water Resources Commission and to repay the debt over a period of thirty years.

The proposed project would consist of water works to be constructed as follows:

Watermains:

ON	FROM	TO
Main Street Bobcaygeon Road	Approx. 750' S. of Peck Street. MacKay Street	Approx. 580' N. of Highway 35. Road Allowance between Lots 5 & 6 Concession "A" Township of Anson. Highway 35 by-pass. MacPherson Street.
Prince Street MacLeod Street	Lyons Street Approx. 300' S. of MacKay St. (existing watermain). MacLeod St.	Hunter St. Approx. 555' S.W. of Peck Street.
MacPherson Street. Orde Street	Approx. 400' S.W. of Peck St. (existing watermain). Approx. 2360' N.E. of Germain's St. (existing watermain).	Approx. 2460' N.E. of Germain's Street.
South Water St. (Highway 35.	Private Road (existing watermain). Bobcaygeon Road Road No. 1	Approx. 700' North-easterly. Approx. 450' easterly Approx. 425' westerly
North Water St. Road Allowance Road No. 2		

including service connections from the distribution main to the street line.

The estimated annual cost of the project is \$8,152 which includes debt retirement, interest, reserve for contingencies and operating costs

It is proposed to raise this sum in the following manner: \$6,225 by a frontage rate of 54c per foot on all lands which abut on the works or connect to same; \$650 by a connection charge of \$12.50 and \$1,496 by a domestic consumer rate of \$44.00.

In computing frontage rates, provision shall be made for the exemption or partial exemption from a foot frontage rate in the following manner:

In the case of lots situated at the junction or intersection of streets or highways, the foot frontage rate will be exempt up to a maximum of 100 feet.

In the case of lots that are triangular or irregularly shaped, an exemption or partial exemption may be made from the foot frontage rate chargeable thereon, sufficient, having regard to the situation, value and superficial area of such lots as compared with other lots, to adjust the said foot frontage rate on a fair and equitable basis.

In the case of lots that for any reason are wholly or partly unfit for building purposes, an exemption or partial exemption may be made from the foot frontage rate chargeable thereon, sufficient to adjust its foot frontage rate as compared with that of lots fit for building purposes on a fair and equitable basis.

Where a lot, other than a corner lot, has two or more limits that abut on works and the size or nature of the lot is such that any or all of the works are not required, a reduction in respect of the works that are not required, so long as they are not required, shall also be made in the said frontage rate that would otherwise be chargeable thereon, sufficient to adjust its said frontage rate on a fair and equitable basis.

The exemption or partial exemption shall be made by deducting from the total frontage of the lot liable for the said foot frontage rate so much thereof as is sufficient to make the proper reduction, but the whole of the lot shall be charged with the said foot frontage rate as so reduced.

On the basis of these levies, a house having a frontage of 80 feet would pay the following amounts annually.

80' frontage at 54c	\$43.20
Connection charge	\$12.50
Consumer Rate	\$44.00
	\$99.70

Any ratepayer may, within 21 days after the first publication of this notice send by prepaid post to the clerk of the Township of Anson, Hindon and Minden, at the address given below, a notice in writing stating his objection to such approval or the imposition of the special rate.

The Ontario Municipal Board may approve the special rate pursuant to the statute and may approve of the said works, but before doing so it may appoint a time and place for a public hearing when any objections will be considered, but notice of such hearing will be given only to those persons who have given notice of such objection as provided for above.

All plans, reports and estimates may be inspected at the office of the undersigned during business hours.

Dated at the Township of Anson, Hindon and Minden and first published this 16th day of July 1970.

Mr. Richard Parisotto, A.M.C.T.
Clerk-Treasurer,
Township of Anson, Hindon and Minden,
Minden, Ontario.

ONTARIO EDUCATOR JOINS COLLEGE ADVISORY GROUP

Dr. Howard H. Kerr, former principal of Ryerson Polytechnical Institute and the retired chairman of the council of regents governing Ontario's 20 community colleges, has accepted a position on the Advisory Council of Sir Sandford Fleming College, it was announced recently.

College President David B. Sutherland said Dr. Kerr's former experience at Ryerson, which pioneered in the type of education now offered in colleges across Ontario, along with his intimate knowledge of the provincial college system, makes him an important resource person and a natural candidate for Sir Sandford's advisory group.

The function of the 29-member council, consisting mainly of experts from the four-county area served by the College, is to supply community help and advice concerning programs, laboratory equipment and the educational needs of the region.

Special advisory committees are formed to meet specific problems, and this involves a greater number of people from the area. When these committees have examined the situation and made their recommendations to the College's board of governors, they disband.

Advisory Council members may sit on these committees, or recommend other persons who have knowledge of the problem under study.

Dr. Kerr was named principal of Ryerson in 1948 and made a member of its board of governors in 1964. He was founding chairman of the council of regents from 1965 until his retirement in December, 1969.

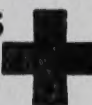

He was awarded the gold medal of the Professional Institute of the Public Service of Canada in 1959, and the degree Doctor of Laws by the University of Toronto in 1963.

FOREST FIRE REPORT

From April 1st to June 30th this year 18 fires burnt 13.8 acres in the Lindsay Fire District. Of these fires 13 were as a result of human carelessness while five were due to natural causes such as lightning.

This is an increase over the same period in 1969 when 14 fires burnt 8.2 acres. Department fire-fighters are not aiming for a record number of fires this year so again the public are asked to please be careful with fire in forest areas.

Within our hearts our memories that will forever last.

Ever remembered by daughter, Shirley, Son-in-law Ron, Grandsons, Brian and Doug.

ONTARIO

PUBLIC WORKS

OFFICE SPACE REQUIRED

MINDEN

Enquiries are invited from owners or authorized agents to build and lease space to accommodate the Ontario Provincial Police Detachment at Minden, Ontario.

The building would contain a total floor space of 2,700 square feet, comprising 2,100 square feet for office space, plus 600 square feet garage and storage.

Interested parties should write to Mr. W. H. Martin, Regional Supervisor, Property Branch, Department of Public Works, 13th floor, Ferguson block, Queen's Park, Toronto 5, Ontario. Quote File: L-3840 Minden.

Enquiries must be received not later than July 31, 1970.

Lowest or any submission not necessarily accepted.

T. R. Hilliard
Deputy Minister.
